

PRESENTATION

Our society raises awareness about raw materials and natural resources, and about their impact in the environment and in the geochemistry cycle of the elements, due to technology and search processes. Thus, it justifies this meeting between experts and researchers of Geochemistry, the study of the abundance, distribution and migration of chemical elements and their components in their natural environment.

Their studies are based on natural resources research, water composition, polluted flows modelling or metals spread in different geological environments, elements behaviour in the industrial application along a process not only about the use but also about residual waste, incorporated as pollution to our natural frame, etc. Multidisciplinary science that makes possible to detect and prevent, to mitigate or to correct environmental problems.

These challenge and interest are the main focus on Geochemistry Congresses. The *Colegios Profesionales* and the *Asociación de Químicos* (ANQUE) began the organization of National Congresses on Geochemistry in Soria twenty-five years ago.

Today, it is the turn of the *Colegio Oficial y Asociación de Químicos de Madrid*, they are in charge of the organization of the X National and VII Iberian Geochemical Congress together with the *Consejo Superior de Colegios de Ingenieros de Minas, Colegio Oficial de Geólogos* and the Geochemistry Group of the Portuguese Geochemistry Society.

We invite all experts on the subject to participate and contribute with their scientific knowledge, their technical expositions, their arguments about the future and their interest on the field of Geochemistry. The social exchange of all these contributions will enhanced the different scientific sections.

The choice of the city of Soria to hold the Congress is due to the great acceptance of its authorities, institutions, companies, people and the cultural and artistic elements that characterize this city.

The Organising Committee, on behalf of the Institutions it represents, is very grateful for the participation and support.

SCIENTIFIC SECTIONS

- 1.- Geochemistry and Energy
- 2.- Geochemistry of materials and geological processes
- 3.- Analytical methods and data processing in Geochemistry
- 4.- Environmental Geochemistry
- 5.- Geochemistry and waste management
- 6.- Industrial raw materials
- 7.- Hydrogeochemistry
- 8.- Organic Geochemistry
- 9.- Isotopic Geochemistry
- 10.- Cosmogeochimistry
- 11.-Geochemistry didactics and dissemination

VENUE AND DATES

The Congress/Symposium will be held in the Aula Magna *Tirso de Molina* (Calixto Pereda St., 3, 42004) in Soria, Spain, during the 21st, 22nd and 23rd September, 2009.

Important dates and deadlines:

Deadline for reduced registration fee: **4th May 2009**

Standard registration fee since **5th May 2009**

Deadline for papers submission: **15th May 2009**

SCIENTIFIC EVENTS

Plenary sessions by recognized scientists will be imparted during the Congress.

INFORMATIVE ACTIVITIES

General interest topics and congressional issues will be carried out during the days of the Congress. Assistance will be free and the activities will be held in the *Centro Cultural Gaya Nuño de Caja Duero* (Plaza San Esteban, 2, 42002 Soria).

SOCIAL EVENTS

Several social events by different local, regional and national institutions of Soria are planned. Besides, the Organising Committee will offer a congressional lunch.

REGISTRATION FEES

	Reduced Fee	Standard Fee
Standard Registration	275 €	/ 325 €
Members of the organising Institutions:	225 €	/ 275 €
Students:	75 €	/ 90 €

ORGANISING COMMITTEE

Coordinators

D. Antonio Zapardiel Palenzuela. Decano —Presidente del Colegio y Asociación de Químicos de Madrid

D. Luis Suárez Ordoñez. Presidente del Colegio Oficial de Geólogos de España

D. Pedro Martínez Arévalo. Presidente del Consejo Superior de Colegios de Ingenieros de Minas de España.

D. Eduardo Ferreira da Silva. Presidente Grupo de Geoquímica de la Sociedad Geológica de Portugal

Secretaries

D. Antonio Gutiérrez Maroto. Secretario Colegio de Químicos Madrid
D^a. Inmaculada Rodríguez Mendiola. Secretaria Asociación de Químicos de Madrid

Members

D. Juan Antonio Martín Rubí

Colegio Oficial y Asociación de Químicos de Madrid

D. Julio Astudillo Pastor

Colegio Oficial y Asociación de Químicos de Madrid

D. Juan Llamas Borrajo

Consejo Superior de Colegios de Ingenieros de Minas de España.

D. Angel Cámara Gascón

Consejo Superior de Colegios de Ingenieros de Minas de España.

D. José Luis Barrera Morate

Colegio Oficial de Geólogos de España

D. Jesús Soriano Carrillo

Colegio Oficial de Geólogos de España

D. ^a. Elisa Preto Gomes

Grupo de Geoquímica de Sociedad Geológica de Portugal

D^a Isabel Margarida Antunes

Grupo de Geoquímica de Sociedad Geológica de Portugal

Treasurer

D. Juan Amador Vela. Colegio y Asociación de Químicos de Madrid

Technical Secretary

D^a. Gema Hernaliz Soto Colegio y Asociación de Químicos de Madrid

GUIDELINES FOR PAPERS SUBMISSION

Deadline for papers reception will be on 15th May.

The Scientific Committee will revise the papers and they can suggest the appropriate modifications.

An essential requirement for a paper to be accepted will be the registration in the Congress of, at least, one of the authors. The correspondence concerning the paper will be addressed to the first of the registered author.

Guideline for papers:

Margin top, left and right: 0.8 inch

Margin bottom: 1 inc

Line format: single-spaced

Title: Centred justified, Times font-type and 12 font-size (Word

Format), bold capital letters.

(two spaces)

Author/s: Centred justified, Times font-type and 12 font-size.

Surname and first name's initial capital letter, both in bold

(superscript: a number corresponding to the job identification order).

Authors will be separated by commas.

(one space)

Workplace, full address and e-mail (please follow the authors order indicated above): Times font-type and 10 font-size, left justified.

(two spaces)

Abstract: maximum length of 10 lines, maximum 4 keywords at the end.

(one space)

Papers: The text must be submitted Times font-type, 12 font-size.

The different sections of the text will be separated by two spaces and the title in bold.

Bibliography: Times font-type and 10 font-size, indicating the

following details: Author (Full name), Year, Publication (italics).

Publisher. Number of pages.

The maximum length of the paper will be 10 pages, graphs, tables and figures included. Footnotes are not allowed.

Submitted papers are planned to be published in the prestigious journal (SCI). Therefore, papers should be submitted in English during the days of the Congress.

Papers will be sent via website: www.congresogeoquimica

HOUSING

The organization of the Congress does not take charge of the reservations(reserves) of hotel. Though in the second circular letter it will report on the collaboration of some entity
